PART IV.

Official Papers.

Abstract of Season or Intermediate Report for the Week ending 4th March 1882.

Bangalore District.—The dry crops have all been harvested. The later wet crops are generally reported to be withering from want of water. Yedagar paddy and sugar-cane are being harvested. Prospects of season fair. Public health fairly good. Fever and small-pox prevalent chiefly in the Closepet and Anekal Taluks, and cattle disease to a slight extent in the latter taluk and in Kankanhalli. Drinking water scarce, in the Nelamangala and Kankanhalli Taluks. Pasturage sufficient at present, except in parts of the Kankanhalli Taluk where cattle are reported to be suffering from want of fodder. Prices: rice 11¾ seers, ragi 25 seers and horse-gram 33½ seers per rupee.

Kolar District.—Standing crops in good condition, except the Vaisakha crops which are to a large extent withering from disease and deficient water supply. Sowing of paddy under wells, and planting of sugar-cane continued. Water-supply generally diminishing. The want of drinking water is felt in a few villages of the Srinivaspur Taluk. Prospects of season fair. Pasturage sufficient. Health good, but slight fever and small-pox in parts of Kolar and Sidlaghatta. Cattle disease confined to two taluks. Prices stationary, *viz*, rice 13 to 14 seers and ragi 28 to 32 seers per rupee.

Tumkúr District.—The paddy crops under some tanks in the Tumkúr, Koratagere, Maddagiri and Kadaba Taluks are withering from want of water, as also the Bengal-gram crop in two taluks. In parts of the Maddagiri Taluk, the paddy crop is also affected by disease. Sugar-cane, oil seed and Bengal-gram were harvested. Prospects of season fair. Public health good, but small-pox continues in parts of two taluks. Cattle disease slightly prevalent. The want of drinking water and pasturage is felt in some parts of two taluks, especially in a few villages of the Hounavalli Taluk, where there was no water at all, and cattle have therefore been taken to other localities. Prices: rice 11½ to 13 seers, ragi 26 to 30 seers and horse-gram 28 to 40 seers per rupee.

Mysore District.—Sugar-cane crop, the only standing crop, in good condition. Prospects of season fair. Public health good. Price of rice slightly rising; ragi stationary.

Hassan District.—Bengal-gram, onions, garlic, castor, and sugar-cane in the Hassan Taluk, as also sugar-cane in the Haranhalli Taluk are withering. Castor-oil seed in the last mentioned taluk has withered. In the Channarayapatna and Attikuppa Taluks the ballar and sugar-cane crops are in a backward condition. Elsewhere they are good. Prospects of season fair. Small-pox and fever prevalent in parts of four taluks. Three cases of cholera were reported. Cattle disease continues in parts. The supply of drinking water is getting scarce and pasturage more or less scanty. Prices: rice 11 to 18 seers, ragi 22 to 28 and horse-gram 20 to 48 seers per rupee.

397

Shimoga District.—Sugar-cane which is the chief standing crop is, except in the Malnad, fast getting into a poor condition. It is being milled in the Sorab and Nagar Taluks. Prospects of season not encouraging. The want of fodder and of water is being felt to a great extent. Public health bad. Small-pox, malarial fevers and lung affections very prevalent in the Shimoga and Sagar Taluks. Cattle disease continues. Prices of food grains: rice 12 to 18 seers, ragi 20 to 35 seers and jola 26 seers per rupee.

Kadur District.—The standing crops in need of rain; sugar-cane, Bengal-gram and garlic were harvested in the Chikmagalur Taluk, and ballar in the Tarikere Taluk. Prospects of season good in the Malnad, but indifferent in the plains. Water-supply and pasturage scarce. Public health indifferent. Small-pox prevalent in parts. Cattle disease continues in some localities. Prices: rice 10 to 16 seers and ragi 22 to 32 seers per rupee.

Chitaldroog District.—Standing crops in good condition. Sugar-cane, javari, ragi, Bengal-gram, horse-gram, wheat, &c, were harvested. Prospects of season good. Public health good. Cattle suffered from foot disease in parts of three taluks. Some tanks contain about five months' supply of water, while in others the supply is very scanty. Wells have a supply which will last four months. There is a good quantity of fodder in stock. Prices: rice 10 to 14, ragi 28 to 42 and javari 30 to 40 seers per rupee.

By Order,

R. VIJAYINDRA RAO,
Secretary.
